

Stokes Inlet is situated approximately 80km west of Esperance. The Inlet is not part of the National Park.

Above is a map of the catchment, the area from which water flows into the Inlet. The Lort and the Young Rivers flow into Stokes Inlet.

Your responses to this questionnaire will be incorporated into the management plan, which will be released for public comment by August 2007.

This project is funded by the South Coast Regional Initiative Planning Team.

A management plan is being prepared for Stokes Inlet, so that its important environmental, economic and social values are maintained into the future.

A steering group has been established with representatives from key local and state government agencies and the local community.

**To guide the plan, we would like to know your views on the Inlet and priorities for the future.**

Please take a moment to answer the following questions and return it to us by the 15<sup>th</sup> of December 2006.

Please answer as many of the following questions as you like.

**Your view on the Inlet**

Q1. Is Stokes Inlet important to you?  
(please circle)

Very 1 2 3 4 5 Not at all  
Why? \_\_\_\_\_

Q2. How many times have you visited Stokes Inlet in the past year? (please tick a box)

None  1-5  5-10  10-20  20+

Q3. If you have visited the Inlet in the last year, what did you do while you were there?

Q4. What are the things you value about the Inlet? (please list in order of importance with the most important first)

- 1. \_\_\_\_\_
- 2. \_\_\_\_\_
- 3. \_\_\_\_\_
- 4. \_\_\_\_\_

Q5. What changes, if any, have you seen at the Inlet over the past 10 years?

Q6. Are you concerned about the future of the Inlet?  
(please circle)

Very 1 2 3 4 5 Not at all  
Why? \_\_\_\_\_

Q7. How would you like the Inlet to look in 20 years time?

Q8. What do you think should be done to achieve the future you want for the Inlet?

**Your view on the catchment**

*The catchment is the area draining into the Inlet (see map on reverse side). The condition of the catchment affects the health of the Inlet.*

Q9. How do you envisage the catchment looking in 20 years time?

Q10. What do you think should be done to achieve the future you want for the catchment?

**Any other comments?**

Q11. Have you any other comments on the Inlet or catchment?

Q12. What role would you like to play in improving the condition of the Inlet?

Would you like to be informed of this projects progress? If so, please provide your email or postal address below:

*It would be valuable to have your details. This will help us determine the attitudes and needs for the Inlet from different sections of the Community. Please only provide these details if you have no objections.*

Age: 0-15  16-30  31-50  51-70  70+

Gender: Male  Female

What locality do you live in? eg Munglinup

Are you a visitor to the area? Yes  No

Thank you very much for your contribution
